

Copyright assignment form

It is the policy of the Canadian Dental Hygienists Association (CDHA) to ask all contributing authors to transfer the copyright of their contribution to CDHA in consideration of CDHA's agreeing to publish their contribution in the print and electronic versions of the *Canadian Journal of Dental Hygiene*.

MS #. _____ MS title: _____

Statement of declaration by main or corresponding author:

I warrant and undertake that

- The manuscript named above is an original work and has not been published before nor is it under consideration for publication elsewhere in any media.
- I am the sole author of this contribution or, if not, I have the written authority of my co-authors whose names are listed below to transfer copyright to CDHA.
- The manuscript contains nothing defamatory or libellous, and all statements purporting to be facts are true.
- The manuscript does not infringe on the copyright or proprietary rights of any third party, and in the case of using reproduced information such as graphs, illustrations, pictures, signed permissions from the original copyright holder have been obtained and provided to the journal's editorial office.
- Nothing in the manuscript infringes on confidentiality that the author(s) may owe anyone else.

Author: _____

Signed: _____ Date: _____

Name of co-authors (if any):

1. _____ 2. _____
 3. _____ 4. _____
 5. _____ 6. _____

Rights that you as author(s) retain:

- Electronically download and reproduce this contribution in entirety for self-archiving on your personal website or an institutional website with reference to your scholarly publications.
- Make copies for personal use or distribution to colleagues or your employer, and in your course material in print or electronic media.
- Patent and trademark rights and rights to any process or procedure described in the contribution clearly identified as inventions or discoveries of the author(s).
- Publish or reproduce any part of this contribution in connection with any other work by you, with acknowledgement of its original publication.
- Present this contribution at a meeting or conference, and distribute this article to delegates attending.
- Use this contribution in full or in part in a thesis or dissertation.
- Use this contribution as part of a compilation of works of the author.
- Post a pre-print version of the contribution on the Net or for the purpose of obtaining research funding or grant.
- Extrapolate this contribution into a book-length form or re-use portions for the same purpose.
