BCDHA MEMBER

AWARD WINNERS

## SUNSTAR World Dental Hygienist Award

**Congratulations to Sherry Priebe**, DipDH, BCSc (DH), RDH, MSc

Sherry was recently awarded the World Dental Hygienist Award in the research category by the International Federation of Dental Hygienists.

Established by the Sunstar Foundation for Oral Health Promotion, the award recognizes dental hygienists who make a great contribution to the dental community, their profession or to the general public.

*Sherry's message to BCDHA:*

The International Symposium of Dental Hygiene was wonderful to attend in Glasgow, Scotland and the honour was mine to represent our BCDHA and UBC who assisted to make my accomplishments a reality. The gala event was like a fairytale and I am so thankful to have good memories after such hard work with my master's study. My presentation was very well received on the Saturday of the conference and a great sense of networking for future research was initialized! My research article entitled 'Oral Squamous Cell Carcinoma and cultural oral risk habits in Vietnam' was printed in the International Journal of Dental Hygiene, August 2010.

I am honored to have been recognized with such a prestigious award in furthering world Dental Hygiene research as my energies and resources have been dedicated to my profession. My world outlook of dental hygiene embraces people's oral health relating to cultural similarities and differences. Key contributions have been made to the oral cancer patients at the oncology hospital in Ho Chi Minh City, the global dental community as a whole and specifically to dental hygienists, and to the general public based upon education from the research results and discussions. It is exhilarating to see my efforts come to fruition in this award and touch the lives of innumerable people.

For more information please check the UBC web address:

*Thank you again for such continued interest and support!  
Kind regards,  
Sherry*

## BCDHA STUDENT AWARDS

CONGRATULATIONS ON A JOB WELL DONE!

## BCDHA MEMBERS RECEIVE CDHA AWARDS!

### CDHA's Symposium Bursary 2010 in participation with P&G

#### Congratulations to **Pauline Imai**

As recipient of this award Pauline had the opportunity to attend the Canadian Cochrane Network and Centre Symposium in Ottawa, Ontario on May 19-20, 2010.

### CDHA Outstanding Research Award 2010 in participation with P&G

#### Congratulations to **Zul Kanji**

This award is offered to acknowledge the important role of dental hygiene research in building the knowledge base and guiding the practice of the dental hygiene profession, and in improving the oral health of Canadians. Zul received this award for his submission, *Dental Hygiene Baccalaureate Degree Education in Canada: Motivating Influences and Experiences*. Zul's winning entry has been published in volume 44 of the Canadian Journal of Dental Hygiene 2010.

### **Ts'ewulhtun Health Centre receives Amgen Award and \$5,000 thanks to the nomination of Shelly Sorenson, RDH.**

The Ts'ewulhtun Health Centre was Awarded the Canadian Public Health Association's Amgen Award for innovation in family health on June 15th, 2010. The Health Centre was nominated by their dental hygienist, Shelly Sorensen. Darlene Sharpe and Shelly represented the Health Centre at the Canadian Public Health Association's (CPHA) Centenary Conference and Awards Gala in Toronto, Ontario.

The purpose of the **CPHA Amgen Award For Innovation In Family Health** is to encourage new and better ways to promote family health and promote the uptake of these new approaches by relevant organizations across Canada.

The Health Centre will be featured in the CPHA Health Digest Newsletter, and on the CPHA website. This is a great honour for the Health Centre and the community, and they look forward to working with the CPHA on the case study of the Health Centre.

The grant money of \$5000 will be used towards the programs outlined in the overview and biography compiled by Shelly Sorenson for the award nomination.

(L to R) Darlene Sharpe, RN and Shelly Sorensen, RDH accepting the Amgen Award.
